

**H-TAS™**

TRUCK – Lightweight, Two-bag, Drive Axle  
Air Suspension System

Delivers excellent handling and ride in a lightweight, easily maintained air suspension for medium-duty rigid applications.

A two-bag, rear drive suspension with a capacity up to 10.5 t, the H-TAS™ system includes QUIK-ALIGN® axle realignment feature and lubrication-free rubber pivot bushings.

Using advanced spring technology from Hendrickson, main support members provide optimal roll stiffness and an improved ride — giving greater protection from the effects of road shock on the chassis, cargo and driver.

To learn more about H-TAS,  
call Hendrickson or visit our global  
web sites for additional information.

*The World Rides On Us®*

# H-TAS™ System Features and Benefits

## Reduces Weight

- Reduced weight offers greater payload

## Outstanding Ride

- Improved driver comfort
- Improved stability and consistent vehicle control

## More Road Time

- Fewer components, easy assembly
- Rubber pivot bushings provide quiet operation and require no lubrication
- QUIK-ALIGN® feature for convenient axle realignment

## Flexibility

- Suitable for medium-duty tractor and rigid applications
- Rated up to 10.5 t

## H-TAS Specifications

Installed Weight*	Typically 175 kg
Suspension Rating	9.5 t
GVW Approval	14 t
GCW Approval	21 t
Ride Heights	150 to 220 mm

\* Installed weight excludes axle, wheel ends and brakes — supplied kit only
